The Secretary
Home & Territories Department,
MELBOURNE.

Sir,

We have the honor on behalf of Mr. F. BRASELMANN to make application for his re-entry into South Australia. We are well acquainted with the following facts:-

1. F. Braselmann was a German subject and came to South Australia about 18 months before the outbreak of war.
2. He carried on farming operations in South Australia at the outbreak of war and under regulations was required to report weekly at the nearest Police Station which unfortunately for him was a distance of 20 miles across thick Mallee scrub.
3. For the breach of this regulation Braselmann was interned in South Australia, but immediately after released.
4. He was not interned again nor was any complaint lodged against him.
5. Braselmann married in South Australia where 2 children were born of his marriage.
6. He and his wife and child (one having died) left on one of the steamers for Germany for the purpose of visiting his relatives.
7. He is now at Bauru Estado, Sao Paulo in South America and writes from there desiring the right of re-entry into South Australia.

These are the facts briefly stated. Braselmann is a man of excellent character and we can recommend him as a good law-abiding citizen.

Will you kindly write us that we can communicate your decision to Mr. Braselmann.

Yours faithfully,

The Director,

Forwarded for favour of report as to Braselmann's record in Australia, the correctness of the statements as to the Australian birth of his wife and child, and the circumstances under which they left the Commonwealth.

FRITZ BRASELMANN, Sao Paulo, South America.

With regard to the application dated 17th. February, Adelaide, from Messrs. Homburg, Melrose and Homburg, on behalf of the above-named for permission to re-enter South Australia and as requested by the Secretary Home and Territories Department, in Minute dated 23.2.22, H.&T.03109, the following information concerning Fritz Braselmann is forwarded.

I have information which shews that two brothers (Germans) Fritz and Eugen Braselmann, came to South Australia about March 1914 and took up land at Kunlara on the Railway line 30 miles from Karoonda in the mallee district, with their wives. As they failed to report as enemy subjects they were arrested on 3.2.15 and interned at Torrens Island. Fritz Braselmann and Eugen Braselmann were released on parole on 13.2.15 and given permission to report to the Guard of the train at Kunlara on Wednesday of each week. Instead of doing so together each Wednesday they reported singly on alternate Wednesdays and were warned on 19.3.15. On the 15th. November 1917 F. Braselmann, Victoria Street 17a, Mile End, South Australia, wrote the following to H. Offereins, Staff~~x~~ 1V Regt. Field Artillery, 1V Division, Field, Holland- vide Censor's Report A.I. 2458.

"Dear Mr. Offereins, Your letter received with thanks. I am very pleased that the outlook is still very good in Germany as you say in your letter. I also note that my brothers are still living at home. We are still very well I am thankful to say which I also wish for you. We have left the farm, also my brother's and live in Adelaide. As soon as the war in over we shall return to Germany. With best regards, (signed) Fritz Braselmann".

The writer of this letter is the Fritz Braselmann who is now applying to return to South Australia.

Fritz Braselmann and Eugen Braselmann surrendered voluntarily for repatriation on 15th. August 1919. The Prisoners of War

Identity Sheet signed by Fritz Braselmann on the above date gives his wife's maiden name as "Annie Vardelmann" and her place of birth as Hamburg, Germany. Eugen's wife prior to marriage was Helene Brunsch also born at Hamburg.

Fritz and Eugen Braselmann lives at Victoria Street, Mile End, Adelaide, after leaving their farm at Kunlara and just prior to their repxatriation both lived at Chicago, near Adelaide, from which address on the 11th. May 1919 Eugen wrote to Paul Gehra at the Liverpool Internment Camp as follows. Vide A.F.429:

"My good Friend Paul, I should like to advise you how we are getting on in Adelaide. You can imagine the position with us. I hope that the time will soon come when we shall be able to go home, Paul. The conditions are different to what we hear. I am full up of foreign parts. The Germans have learned how we are treated and yet badly enough. We have no right to be here, especially after the Peace, it is the duty of every German to return to our dear home land in order to replace the Fatherland in a better and stronger position. My dear Paul, I hope. The feelings for our home country are stronger and more pressing than before the war. The war has been a great blessing to all such in foreign countries in connection with the feelings of his Nationality. And so I hope, God willing, that we shall soon be home again. Only dont worry. I will give you my father's address in Germany so you will be able to find us and we shall be very pleased if you are able to visit us. I believe it will cost you nothing I dont think we shall see ourselves in Australia again. Dont let yourself be sent out, in order to remain here, say that you want to go away over there. Things will not be brilliant here after the war. especially for the Germans. You will know that too, so I wont say any more. I would have sent you something only I dont know if you would get it".

Although signed by Eugen there is no doubt in my mind that he was expressing the sentiments of his brother Fritz and their respective wives.

Fritz and Eugen Braselmann, their wives and children evidently left Sydney per the Rugia for Germany as repatriated enemy subjects on 14th. October 1919, Fritz taking with him one child, Gustav who was probably born in Australia as his age is given as 4 years on the Embarkation Lists.

Although Messrs. Homburg, Melrose and Homburg state in their letter referred to in para 1 of this Report "We are well acquainted with the following facts". I have to point out that their communication in my opinion is misleading and cannot be relied on.

Although Fritz Braselmann while in South Australia was evidently a hardworking man, he was not law-abiding insofar as his obligations as an enemy subject during the war were concerned and

his pro-German sentiments & associates were quite sufficiently marked to stamp him as a person whose loyalty to the British Crown could not be relied on should he be permitted to re-enter the Commonwealth. In view of all the facts I see no reason why Fritz Braselmann should be permitted to re-enter South Australia.

Sir,

With the view of obtaining their release on Parole I take the liberty of laying before you certain facts in connection with Hermann Fritz and Ernest Braselmann German Residents of this District who were arrested and sent on to the Island. Before entering into these particulars I might mention that I come of a good old English family and am a British to the core therefore this letter is not the outcome of any German sympathy outside the case, but only a Britishers desire to obtain justice and consideration where such is deserving.

The circumstances under which the Braselmann Bros are placed

could do no other than elicit sympathy on their behalf.

They came to this County from I Apiece about March last year they came to this District bought (on terms) block of Land, put in a crop of Wheat - and had a total failure they have worked exceedingly hard from first peep of Daylight right into Moonlight and have now about 300 acres of Scrub cut down all the Saleable timber they cut into firewood. This is their only means of subsistence (till after next Harvest) is now attached in the cut scrub and a spark from the Locomotive is likely to set fire to this at any moment in this case not only would all their firewood be lost but both their Homes, stables & all Chattles would be burned as they are situated that if fired with a North wind nothing could save them

If these men are allowed out on Parole they could complete the carting out of the wood (they were doing this when arrested) and burn the scrub with such water as is necessary to save their Homes.

their detention means probable ruin
in case of an accidental fire
they would be burned out house
& home, on the other hand if
detained and not able to burn
their scrub they will not be able
to put any crop in this comy
season

I am one of the Pioneers of
this District - and I well know
what these men's liberty means to
them just at this particular
season. and I say right here
if I did not know them to be
exceedingly hardworking, Honest,
peaceful neighbours I would
not seek your assistance on
their behalf.

They came here and before war
was thought of. they both announced
the Kaiser and his military operations
on war being declared they did
not report themselves to the German
Consul.

Dear Sir

Yours of the 11th inst re Braselmann Bros. to hand today.

I am not aware of any Justice of the Peace nearer to Kunlaba than Karoonda at present. There may be one situated at some distance from the Railway; but I believe that Karoonda would be the easiest of access.

In a case like this would it not be possible for these Braselmans to report (per post). Or if it could be made so as the Brothers could take it alternately in reporting on behalf of the Both

Kunlaba is 28½ mile from Karoonda the way the trains are running it does not assist them in this matter at all

The passenger train leaves Karoonda for Kunlaba on Wednesday only which means that these people would have to either ride or walk into Karoonda, as the

trains are not suited for one to come into Karoonda.

One wishing to come to Karoonda under the present time-table by rail would have to remain from Thursday till following Wednesday.

These men will have a good deal of work to do yet in preparing their land for seeding & every-day makes a difference at this Critical time of the year

If the authorities make the best of the facilities that offer these men for reporting themselves I have no doubt they will make the best of it.

Thanking you for your prompt reply to mine of the 8th

To Major Hudson

Dear Major

Last Thursday Two German subjects, or at least I think they are, were brought down from their farm at Kunlara 29 miles from Karoonda on the Eastern Line. These people tell me they do not know for what reason they have been taken away. So far as I can find out I believe it was for not having reported themselves to the police. This they tell me they were unaware it was necessary. They have only been on their present holding a few months. They got a piece of land prepared for coming seeding & have been working very hard since their arrival. If the authorities have only got the nonreporting of themselves against them I feel very confident that now they are aware of the necessity of doing so they will comply with the law.

Had I have known that these men had not been reporting I would have

(2)

explained the matter to them &
probably the matter would have been
satisfactorily fixed up.

These 2 men have recently been
married, during the last 12 months I
believe. These 2 women are left to
look after the stock & farm by them-
selves. They have spent what money
they brought out & have been sending
wood to Adelaide lately with which
to procure goods &c for the seeding.

So far as I can say from personal
knowledge they are very hardworking
industrious settlers. If there is
nothing against them to detain them
more serious than what we know of. I
am convinced that they will report
themselves as required by law. Kind regards

Yours faithfully

The enclosed letter was received amongst a batch of correspondence from prisoners of war. As it is addressed to Mr.Homburg, Solicitor, and contains a statement which affects the methods of the Military in South Australia in connection with the internment of enemy subjects, I think it wise to forward it for information.

You will also find enclosed translation of a letter written by the prisoner to his wife. There is nothing in it of importance, excepting that it shows something of the temperament of the man.

Dear Mr.Homburg,

Herewith I beg to advise you that we, my brother and myself, were arrested at our station yesterday afternoon. We were carting timber at the time, and the Police and three soldiers did not give us any chance to settle matters. We had to leave everything, even the poor horses we could not take out of the cart. You can understand our anxiety, especially for our poor wives. They are up there in the wild bush with nothing to eat. Please, please do something for us. We do not know why we have been arrested. The Police told us that we should have reported ourselves, but we were not aware of it. Now everything is up there; the horses will be running about; you know how we feel. It is impossible that we leave my own and my brother's wife up there by themselves It is said. We were working hard day and night to get on and now everything is lost. You will show pity for our poor wives, not so much for ourselves. We shall be taken to Torrens Island to-morrow. Please write to me and tell me what we should do.

These two men are both married to German Girls who are unnaturalized. One of whom is pregnant. I respectfully ask. what I shall do in this matter. As I cannot get a Vehicle to drive out & get them owing to the Roads. & it would take 2 days to drive. With reference to your letter dated 21st July 1919 I beg to state that my late son Warwick G Bowen formerly Lieutenant Australian Forces left Australia for service abroad with the A.I.F. as Sgt 12th Reinfts 10th Battn Oct 2 1915 and was accidentally drowned at Cambridge Nov 27 1918 whilst attending an Officers school of instruction.

I have no knowledge whatsoever of the pistol referred to in your memo. but feel absolutely confident that it would have

been handed in by my son according to regulations. He was too keen on his military duties and too strict on matters of discipline to do things in a slipshod or inefficient manner.

Sir -

Prisoner of War F. BRASELMANN.

With reference to the attached report received from you on 26th instant (returned herewith), it is notified that application was made by Mr. Robert Homburg, Solicitor, for permission to be granted to the abovenamed to proceed to ~~Lexton~~ Tarlem Bend Goolwa and work on a farm, the property of Mr. C.Herring of near Buccleuch, further permission being granted to Braselmann to report as a Prisoner of War to Mr. Herring, who is a Justice of the Peace.

It was never intended that Braselmann should leave the Mile End District without first reporting his intention to the Police, together with the production of a permit issued by this office. It appears, however, that this was not done, through misunderstanding on the part of Mr. Homburg and also Braselmann, of what was required by the Police and Military Authorities.

It is suggested that three (3) copies of Form "E" be forwarded to Fritz Braselmann, C/o Mr.C.Herring, near Buccleuch, for completion in compliance with the Aliens Registration Regulations.

Yours faithfully,

Captain,

The Constable made enquiries and ascertained that Fritz Braselmann left this distirct on the 20th instant, and by post on the 22nd instant the Constable received the attached letter from Homburg, Melrose & Homburg.

Dear Sir,

Mr. Fritz Braselmann, at present of Mile End, is required to report regularly every week to the nearest Police Station, which he is duly observing. He is proposing to go down and help Mr. C. Herring at Buccleuch on the Pinnaroo Line, Farmer, to get in his crop. There is no Police Officer close by to whom he can personally report.

Like most farmers, Mr. Herring will have great difficulty, owing to the shortage of farm labour, and is very anxious for Mr. Braselmann to go down at once. He proposes leaving on Tuesday.

Will the Authorities be satisfied to have from Mr. Braselmann a letter reporting, if that letter is counter-signed by Mr. Herring? I may say Mr. Herring is a Justice of the Peace.

I can personally vouch that you need have no misgivings respecting this arrangement. I know the parties very well, and can assure you that everything will be in order.

Would you be good enough to obtain, through your Officer, the name of a British resident (if available and convenient) of undoubted loyalty to whom the above aliens could be instructed to report weekly whilst working away from their holdings at KUNLARA.

Prisoners of War. Registry No.275.

We FRITZ BRASELMANN and EUGEN BRASELMANN both of Kunlara Farmers have the honor to apply to you to have your order requesting us to report ourselves once a week varied so that we shall only be obliged to report ourselves once a month. The reasons that urge us to make this application are as follows:- We are farming Mallee lands at Kunlara on the Waikerie line and have already sown 300 acres of land with wheat, and we now find it necessary to look for work in this district to provide us with means to purchase the necessaries of life. We, in common with many other farmers in these parts, are passing through very trying times indeed, and as we can obtain work in this district, a distance of about 12 to 15 miles from our homes, it would impose a great hardship if we had to come one day a week from that distance to report ourselves at the train passing through each week.

You will observe from our parole papers that we have regularly reported ourselves for some time past, and we feel that we might now be trusted as to the variation of the order in the way we suggested.

We shall be glad if you will notify us at an early date whether you can see your way clear to vary the order as suggested.

MAJOR HARDIE.

KESWICK.

Dear Sir,

Messrs. F. & E. Braselmann of Kunlara on the Waikerie line who were released by you on parole some 12 months ago, have requested us to apply to you and ask as to whether it is not possible that the order demanding that they should report themselves once a week, might not now be varied for the following reasons, viz:-

Messrs. Braselmann are carrying on farming operations at Kunlara and have already sown 300 acres of land with wheat, and together with many other farmers, especially in the mallee country, are passing through very trying times indeed.

It will necessary for these men to now look for work elsewhere than on their farms, and they have assured us, that they can find work some distance from their home, and it would impose upon them a great hardship if they had to give up one day at least a week to come a distance of about 15 miles across mallee scrub to carry out the present terms of your order. You will observe from their parole papers that they have regularly reported themselves once a week for a period of 12 months and we feel that they might now be trusted to report themselves once a month.

The train passes through Kunlara once a week on a Wednesday to Waikerie and it is there, that these men have regularly reported them-

selves.

They suggest that you ~~should~~ might vary the order allowing them to report themselves once a month, but so that one of the brothers would report himself one fortnight and the other the following fortnight, so that the least possible time might be lost in connection with the work they have in view.

To put it perhaps more clearly, might we suggest that if this arrangement is agreeable to you, that Mr. F. Braselmann report himself starting on June 14th and every subsequent month, and that Mr. E. Braselmann should report himself on June 28th and ~~for~~ on every subsequent month. This would give us time to write Messrs. Braselmann if this arrangement met with your approval.

Our clients assure us that there are two Germans in the District who report themselves once a month, and these men, we feel sure, cannot be more tied to the District than the Messrs. Braselmann, and if this concession could be conceded them they will, we feel certain, be deeply obliged.

Will you please let us have an early reply hereto?

Yours faithfully,

Stanburg Mulvaney Stanburg

Dear Sir,

I acknowledge receipt of your letter of the 19th inst., and at once wrote Messrs. Braselmann in respect thereto.

I have advised them that <u>both</u> must report themselves every week at the Kunlara Railway Station. I have no doubt that your direction that one of the Braselmann Bros. should report himself at Waikerie one week and the other the following, has led them to a misunderstanding as to the requirements that both should report themselves each week. I have now made the position clear, and this letter should reach them on Wednesday next by the train, so that on the following Wednesday both should be

at the station with their parole papers.

Yours faithfully,

R. Stanbury

MEMORANDUM RELATING TO TEMPORARY EMPLOYMENT IN THE DEPARTMENT OF DEFENCE.

1. In engaging temporary assistance, preference shall be given, other things being equal, in the following order:—

(i.) Sailors and soldiers returned from service abroad;
(ii.) Members of recognised industrial unions;
(iii.) Other members of the public.

2. A sailor or soldier must have served abroad with satisfactory record in the Naval or Military Forces of the Commonwealth to be eligible for temporary employment.

3. A unionist for the above purpose is a person who is a member of a union at the time he presents himself for engagement or makes application for employment or registers his name. As the object of the policy of preference to unionists is to encourage the industrial community to become *bonâ fide* members of recognised industrial organizations, employment must not be promised to persons upon the condition that they subsequently join the union—they must be members at the time they apply for employment.

4. Returned sailors and soldiers are exempt from the provisions of the preceding paragraph.

5. It is to be understood that the Government policy of preference to unionists is dependent upon the unions affording reasonable facilities for the admission of persons desirous of becoming members.

6. Whenever temporary labour is required the secretaries of the unions interested are to be notified of requirements by the officers of the Department. This notification must be given as far ahead as practicable in order that the unionists notified by the secretary may have an opportunity of presenting themselves at the time and place fixed by the Department. The requirements of the Department shall, in addition to the notice to union secretaries, be notified to the general public by notice posted at the works or place where the work is to be carried out.
