Re: Richard Frank Jillett, Age: (Approx.) 36 years.

Dear Sirs:-

I operated upon the above named patient while he was employed in Canada in November of 1947, of January of 1948, and in October of 1955.

He gave me a history of being on active service in the Australian Army and during 1943 and '45, was sent to New Guinea and the Dutch East Indies and broke out in "blind boils", (patient knew no other diagnoses), resulting in marked pitting of his face.

He states that he received no remuneration or treatment except at the time of the actual active disease which must have been symptomatic.

This man was a pleasant type, who was interested in seeing the World before he "settled down in Australia".

I would very much like to get his present address in Australia as I understand that he owns land there and planned to return there to do some form of farming with his family.

Any help that you could give me would be most appreciated.

With kind personal regards,

Respectfully yours,

J. W. McNichol
