Clear and decisive answers to ALL the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the authorities of the Military Forces should be in possession of the most reliable information to enable them to decide upon the man's claim to pension or compensation.

- (ii.) Expressions such as "may," "might," "probably," &c., should be avoided.
- (iii.) In answering question 23 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
- (iv.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

21. State how far the Board concur with the answers to Questions 7-20—i.e., "in toto," "partially," or "not at all."

If either of the latter, give detail Partially Slight cardiac dilatation

22. The Board will describe the pathological condition present at time of examination by the Board

Heart Apex Beat behind 6th rib 2nd from midline. Pds clear. Rhythm regular.

23. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

Active Service

(b) If due to one of these causes, to what specific conditions do the Board attribute it?

Enteric Fever

24. Is the disability permanent?

No

especially as regards—

(a) Military service? No

(b) Previous occupation? No

(c) Other occupations? No

25. If not permanent, what is its probable minimum duration?

One month
(To be stated in months.)

26. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

Not at all

(In defining the extent of his inability to earn a livelihood, estimate it at 1, 1/2, 2, or total incapacity.)

27. If an operation was advised and declined, was the refusal unreasonable?

Not applicable

28. Do you recommend him for—

(a) Discharge as permanently unfit? No

OR
(b) For change to another State? No

29. General Recommendations:—

(a) Is he at present fit for discharge to earn his living? Yes

(b) Does he require further treatment to restore him to health? Yes Rest

(c) If so, what does the Board recommend? One month's leave and reboard.

(d) Any other Recommendations No

(If Board considers case one for compensation or pension the patient may be so informed, but he is to be informed at the same time that final decision rests with the War Pensions Board.)

ALL QUESTIONS MUST BE ANSWERED.

7. Disease or Disability Convalescent Enteric

NOTES.—(i.) Clear and decisive answers to ALL the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the authorities of the Military Forces should be in possession of the most reliable information to enable them to decide upon the man's claim to pension or compensation.

(iii.) In answering question 23 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
