15th May 1919

The Director of Employment
A. I. S.
Horseferry Road, S.W.1.

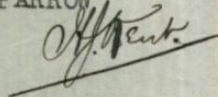

Dear Sir,

We have been asked by ^{Lieut}~~Captain~~ Harold Bartram to confirm the statement that he has made to you regarding his ability to support himself after his discharge from the Army until he reaches Australia, to where he intends to return via America. This we have every confidence in confirming as he is personally known to us, and has been for quite a number of years.

We are,

Yours truly,

EXTRACT FROM GENERAL INSTRUCTIONS No. 2.

ANNEXURE C

Vide Para. 14.

Instructions regarding Application for Discharge elsewhere than in Australia.

1. Discharge elsewhere than in Australia will be granted sparingly, and only under special circumstances. The interests of Australia, rather than of the individual, will have first consideration.
2. No such discharge can, in any case, be considered until, having regard to the military situation and the requirements of this Department, the applicant's military services can be dispensed with.
3. Such discharges will be granted only for very substantial reasons, and only in exceptional cases. The guiding principle will be that such discharge must be desirable and unobjectionable on broad national grounds. It is against Australian policy to acquiesce in any member of the A.I.F. giving up his Australian citizenship.
4. It is a condition precedent to any such discharge that the applicant must, if called upon, be able to produce evidence to the satisfaction of the Director-General, Repatriation and Demobilisation, of the following facts :—
 - (a) That he has no dependants in Australia ; or that his dependants in Australia are agreeable that he should be discharged elsewhere than in Australia.
 - (b) That his domicile was ordinarily outside Australia before the war, and that, if returned to Australia, it will be necessary for him again to leave Australia for the place at which he desires discharge.
 - (c) That he is able to maintain himself in the country in which he desires discharge, or in the country to which he intends to go after discharge.

The places other than Australia, in which discharges can be granted are confined to :—

- (a) The United Kingdom.
 - (b) Some place en route, in the normal course, between the United Kingdom and Australia, e.g., France, Egypt or Colombo.
5. In every case the applicant must furnish an undertaking on the prescribed form that the issue of the desired discharge absolves the Government of the Commonwealth of Australia from any further liability to repatriate him, his wife, or widow, or any of his dependants, to any country outside the United Kingdom.
 6. The question whether persons so discharged elsewhere than in Australia will be entitled to any war gratuity or to leave on full pay in lieu of same, or to a payment to cover the cost of the voyage, or to cover pay and sustenance during period of voyage to Australia, or to pension rights, or the like, has not yet been decided ; but it is probable that no such pay will be granted, except at the discretion of the Director-General of Repatriation and Demobilisation, and then only on compassionate grounds.
 7. Plain clothes or allowance in lieu upon discharge will be given subject to provisions of War Financial Regulations No. 50 in following amounts :—
 - 30s. per suit of plain clothes and cap.
 - 21s. 9d. per overcoat.
 8. Deferred Pay is payable on discharge. The member's Pay Account, including Deferred, Balance of Nett Rate, and Allotment (if any) will be settled as follows :—
 - 30 per cent. on discharge.
 - 35 per cent. after one month.The balance after three months from date of discharge.
 9. Upon the granting of the discharge, the individual so discharged must, at his own expense, return to a place designated by the Director-General, Repatriation and Demobilisation, all military arms, equipment, uniform and clothing in his possession.
 10. Each applicant for discharge shall be examined by a Medical Board, as ordered by the Director-General, Repatriation and Demobilisation. The Medical Board will express and record an opinion of the applicant's condition.
 11. The decision of the Director-General of Repatriation and Demobilisation shall be final in each case. The Director-General, R. and D., may defer or postpone the consideration of any application, or the granting of any discharge, to any date.
 12. The discharge of any officer or soldier authorised by the Director-General, Repatriation and Demobilisation, to be discharged, will be carried out by an Officer deputed by the Director-General, R. and D.
 13. Any Commanding Officer to whom application for such discharge is made by an Officer or soldier under his command, is to forward the same through the usual channel, to this office on the prescribed A.I.F. Form 535, together with his recommendation.

London. S.W.

Sir,

In making my application for discharge in England for the purpose of returning to Australia via America, I would point out that I am one of the principal shareholders in Messrs J. Bratram & Sons Proprietary Limited, Dairy, Milking Machinery and Irrigation Engineers

In connection with Milking Machines, I am anxious to extend my Education Leave to America to visit Messrs D.H. Burrell & company Littlefalls New York, with whom we have business connections, and to carefully examine their methods of testing new forms of Milking machinery on their own experimental farm. I would also be able to visit some of the large State Agricultural Farms.

In connection with Poultry Farms I am also anxious to visit the Prairie State Incubator Company, which firm we represent in Australia and inspect their experimental poultry farm. The Americans are pioneers in intensive poultry raising and there are poultry farms to be visited, far larger than existing in Australia.

I have been asked by a wellknown Australian Squatter to closely investigate wholesale poultry raising in the States as he purposes starting a poultry farm with 30,000 egg incubator.

If my request is granted, I am sure I will gain very valuable knowledge and experience for our firm, and for Australian Farmers.

During my Educational Leave in this country, I have succeeded in making arrangements with Messrs Fielding and Platt, one of the best known oil, engine and suction gas engineers to ship out large consignment of the engines to be tested for Australia conditions. The crude oil engine being shipped is a distinct departure, and I think it will be a service to Australia.

To:-
Director of Education, A.I.F.,
A.I.F. Education Service,
32, Grosvenor Place,
London, S. W.

Sir,

In making my application for discharge in England for the purpose of returning to Australia via America, I would point out that I am one of the principal shareholders in Messrs. J. Bartram & Son, Proprietary Limited, Dairy, Milking Machinery and Irrigation Engineers.

In connection with Milking Machines, I am anxious to extend my Education Leave to America to visit Messrs. D. H. Burrell & Company, Littlefalls, New York, with whom we have business connection, and to carefully examine their methods of testing new forms of milking machinery on their own experimental farm. I would also be able to visit some of the large State Agricultural Farms.

In connection with Poultry Farms, I am also anxious to visit the Prairie State Incubator Company, which firm we represent in Australia, and inspect their experimental poultry farm. The Americans are pioneers in intensive poultry raising and there are poultry farms to be visited, far larger than any existing in Australia.

Director of Education, A.I.F. 15/5/19.

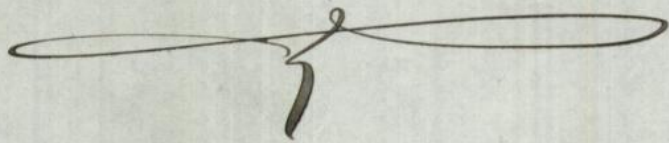

I have been asked by a wellknown Australian squatter to closely investigate wholesale poultry raising in the States as he purposes starting a poultry farm with 30,000 egg incubator.

If my request is granted, I am sure I will gain very valuable knowledge and experience for our firm, and for Australian Farmers.

During my Educational Leave in this country, I have succeeded in making arrangements with Messrs. Fielding and Platt, one of the best known oil, engine and suction gas engineers to ship out a large consignment of the engines to be tested for Australian conditions. The crude oil engine being shipped is a distinct departure and I think it will be of service to Australia.
