OPINION OF MEDICAL BOARD ON FINALIZATION.

NOTE.—Clear and definite answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Deputy Commissioner of Pensions should be in possession of the most reliable information to enable him to decide upon the man's claim for pension, and the Deputy Comptroller of Repatriation, of information to enable him to decide questions of assistance and vocational training.

22. Is the present degree of disability permanent?
23. If not, at what rate and to what degree do you anticipate improvement?
24. To what extent is his working capacity at present affected by his disability? (a) In his pre-enlistment trade or occupation?
- (b) In the general labour market? (Estimate as a percentage of full capacity)
25. If an operation was advised and declined, was the refusal unreasonable?
26. Do the Board recommend discharge as permanently unfit for General Service?
27. If discharge is recommended, it should be stated whether further treatment is desirable in a (a) Sanatorium, (b) Orthopedic Institution, (c) Convalescent Home, (d) Asylum, or (e) other institution. State whether further treatment should be an in-patient or an out-patient, and for what period
28. Is any surgical appliance recommended?

(iv.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

(v.) The Board will confine itself to the soldier's condition at the time of holding the Board, and unless disability is present has no reference to the past or the future.
