EXTRACT FROM GENERAL INSTRUCTIONS No. 2.**ANNEXURE C***Vide Para. 14.***Instructions regarding Application for Discharge elsewhere than in Australia.**

1. Discharge elsewhere than in Australia will be granted sparingly, and only under special circumstances. The interests of Australia, rather than of the individual, will have first consideration.
 2. No such discharge can, in any case, be considered until, having regard to the military situation and the requirements of this Department, the applicant's military services can be dispensed with.
 3. Such discharges will be granted only for very substantial reasons, and only in exceptional cases. The guiding principle will be that such discharge must be desirable and unobjectionable on broad national grounds. It is against Australian policy to acquiesce in any member of the A.I.F. giving up his Australian citizenship.
 4. It is a condition precedent to any such grant of discharge that the applicant must, if called upon, be able to produce evidence to the satisfaction of the Director-General, Repatriation and Demobilisation, of the following facts :—
 - (a) That he has no dependants in Australia ; or that his dependants in Australia are agreeable that he should be discharged elsewhere than in Australia.
 - (b) That his domicile was ordinarily outside Australia before the war, and that, if returned to Australia, it will be necessary for him again to leave Australia for the place at which he desires discharge.
 - (c) That he is able to maintain himself in the country in which he desires discharge, or in the country to which he intends to go after discharge.
- The places other than Australia, in which discharges can be granted are confined to :—
- (a) The United Kingdom.
 - (b) Some place en route, in the normal course, between the United Kingdom and Australia, *e.g.*, France, Egypt or Colombo.
5. In every case the applicant must furnish an undertaking on the prescribed form that the issue of the desired discharge absolves the Government of the Commonwealth of Australia from any further liability to repatriate him, his wife, or widow, or any of his dependants, to any country outside the United Kingdom.
 6. The question whether persons so discharged elsewhere than in Australia will be entitled to any war gratuity or to leave on full pay in lieu of same, or to a payment to cover the cost of the voyage, or to cover pay and sustenance during period of voyage to Australia, or to pension rights, or the like, has not yet been decided ; but it is probable that no such pay will be granted, except at the discretion of the Director-General of Repatriation and Demobilisation, and then only on compassionate grounds.
 7. Plain clothes or allowance in lieu upon discharge will be given subject to provisions of War Financial Regulations No. 50 in following amounts :—
 - 30s. per suit of plain clothes and cap.
 - 21s. 9d. per overcoat.
 8. Deferred Pay is payable on discharge. The member's Pay Account, including Deferred, Balance of Nett Rate, and Allotment (if any) will be settled as follows :—
 - 30 per cent. on discharge.
 - 35 per cent. after one month.
 The balance after three months from date of discharge.
 9. Upon the granting of the discharge, the individual so discharged must, at his own expense, return to a place designated by the Director-General, Repatriation and Demobilisation, all military arms, equipment, uniform and clothing in his possession.
 10. Each applicant for discharge shall be examined by a Medical Board, as ordered by the Director-General, Repatriation and Demobilisation. The Medical Board will express and record an opinion of the applicant's condition.
 11. The decision of the Director-General of Repatriation and Demobilisation shall be final in each case. The Director-General, R. and D., may defer or postpone the consideration of any application, or the granting of any discharge, to any date.
 12. The discharge of any officer or soldier authorised by the Director-General, Repatriation and Demobilisation, to be discharged, will be carried out by an Officer deputed by the Director-General, R. and D.
 13. Any Commanding Officer to whom application for such discharge is made by an Officer or soldier under his command, is to forward the same through the usual channel, to this office on the prescribed A.I.F. Form 535, together with his recommendation.

The Director General,
Repatriation & Demobilisation Dept.,
A. I. F.

Through an injury due to military service preventing me following my usual occupation, I am compelled to choose a new calling as means of earning a livelihood. I was farming on a fairly big scale with my brother, but when the war became protracted I handed everything over to him, but he has not made any headway during my absence, owing to transportation and labour difficulties.

I came away with the first contingent (as trooper in 3rd L.H. Regt.), and since my injury (due to a fall from a horse), I have been put in several different departments - generally they were in a bad way, and always to organise or reorganise them. I think I have been successful in this regard, as I have been unable to secure release for leave or transfer in directions that held more opportunities from a personal point of view.

For some time I have resolved to take up shipping and railway organisation as being an avenue of great possibilities in Australia. On the advice of General Griffiths I approached a number of railway and shipping companies here with a view to obtaining experience with them, but found them very loathe to assist in any way that would be helpful from my point of view. I also approached the Canadian Pacific Railway, and a number of American companies. The former were willing to help me, but the organisation is in a confused state owing to the return of their staff from active service, and the natural upheaval consequent upon the war. The President of the Chicago Milwaukee Railway Co. has made me a magnificent offer in just the direction in which I am anxious to gain experience, and the Company is one that contends with long distances, and its organisation dovetails in with mining, productive industries, warehouses and other business concerns in a manner almost unknown in this country. I am exceedingly anxious to take advantage of this unique opportunity of gaining a through insight into such methods of working.

Upon inquiry at the Industrial Branch of Education Department, I find that the only way under existing rulings that I avail myself of the training referred to would be to obtain my discharge here (post dated 50 days), and to take up my position at my own expense. I am willing to do this if it is the only course open to me, but find the expense so great, and as I will have a wife in Australia to provide for, I hesitate to do so before first ascertaining definitely whether it is not possible to obtain a six months course of N.M.E. on the same conditions as apply in this country, and pay my own expenses to America and back, or pay the difference between the cost of my return to Australia via America and the value by ordinary route. I am willing to forego all disembarkation leave due to me, and to forfeit all claim to benefits to returned soldiers in Australia.

I hesitate to trouble you in this matter, but feel that as I have had nearly five years service, and my return to civil life is attended with a good deal of difficulty, my claim is not out of proportion, and its being granted will be of some use to the Commonwealth of Australia.

23rd July, 1919.
