OPINION OF THE MEDICAL BOARD.

NOTE.—The answers to the following questions are to be filled in by the Board. As the object of these questions is, in the event of the man being invalided, to put the Commissioners of Chelsea Hospital in possession of the most reliable information based on the opinion of those best capable of judging, so as to guide them in deciding upon the man's claim to pension, clear and decisive answers should in all cases be given.

Expressions such as "may," "might," "probably," &c., should be avoided.

The rates of pension vary according to whether the disability is attributed to (a) ordinary military service, (b) active service, or (c) climate. It is therefore essential when assigning the cause of the disability to differentiate between them. See Articles 1085 and 1088, Pay Warrant 1909.

18. Is the disability the result of ordinary military service, active service, or climate? If so, to what specific conditions does the Board attribute it?

(In answering this question the Board should be careful to discriminate between disease resulting from military conditions, and disease to which the patient would have been equally liable in civil life. Enteric Fever, Dysentery, Malaria, &c., contracted when on service abroad are to be regarded as caused by ordinary military service, active service, or climate, as the case may be.)

Acquired before enlistment.

19. Has the disability been aggravated by—

- (a) Intemperance? ...
(b) Misconduct? ...

No. No.

20. Is the disability permanent? ...

Yes.

21. If not permanent, what is its probable minimum duration? (To be stated in months.)

Not applicable.

22. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

(In defining the extent of his inability to earn a livelihood, estimate it at 1/4, 1/2, 3/4, or total incapacity.)

Not less than before enlistment.

23. If an operation was advised and declined, was the refusal unreasonable?

Not applicable.

24. Does the Board recommend—

- (a) Discharge, as permanently unfit; or
