INSTRUCTIONS.

Application forms received by Recruiting Officers will not be handed back again to applicants but will be passed direct to the Medical Practitioner, who will similarly return them to the Recruiting Officer, who will then forward them by post to the Officer in Charge of the Central Recruiting Depot to which recruits are instructed by them to report.

- (2) If an Applicant who has been rejected desires a copy of this certificate, it must be completed in duplicate at the time of Medical Examination, and the word "original," or "duplicate," as the case may be, will appear on top of the respective forms. Both copies will be forwarded to the Officer in Charge of the Central Recruiting Depot, where the duplicate will be impressed with the official stamp and then returned to the applicant.
- (3) Copies will NOT be made of any certificates of acceptance. The word "Duplicate" will be struck out of such certificates, and they will be sent to the Officer in Charge of the Central Recruiting Depot by post.
- (4) Names of accepted applicants who do not report at Central Recruiting Depot within the prescribed time will be forwarded to the Local Recruiting Officer for information.
- (6) Only those persons who fulfil the requirements in all other respects will be examined regarding medical fitness. These requirements may be ascertained by reference to daily newspapers and official posters.
- (7) The Central Recruiting Depot to which accepted applicants from various places will be sent for final medical examination will be determined by District Commandants. Recruiting officers at outlying places will require to issue clear instructions to such applicants, informing them where and when to report, and will forward the application forms in time to ensure that they will be in the hands of the Officer in Charge of the Central Recruiting Depot when the Recruit reports for enlistment.

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

(iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).

(iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.

(v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the disease.

20. (a) State whether the disability is the result of (i.) active service, (ii.) climate, or (iii.) ordinary military service.

(b) If due to one of these causes, to what specific conditions do the Board attribute it? Rheumatism aggravated by

22. Is the disability permanent?

23. If not permanent, what is its probable minimum duration?

To be stated in months.

24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?

In defining the extent of his inability to earn a livelihood, estimate it at \(\frac{1}{4}\), \(\frac{1}{2}\), \(\frac{3}{4}\), or total incapacity.

24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Health Insurance Act?

Opinion of the Medical Board.

Notes.—(i.) Clear and decisive answers to the following questions are to be carefully filled in by the Board, as, in the event of the man being invalided, it is essential that the Commissioners of Chelsea Hospital should be in possession of the most reliable information to enable them to decide upon the man's claim to pension.

(ii.) Expressions such as "may," "might," "probably," &c., should be avoided.

- (iii.) The rates of pension vary directly according to whether the disability is attributed to (a) active service, (b) climate, or (c) ordinary military service. It is therefore essential when assigning the cause of the disability to differentiate between them (see Articles 1162 and 1165, Pay Warrant, 1913).
- (iv.) In answering question 20 the Board should be careful to discriminate between disease resulting from military conditions and disease to which the soldier would have been equally liable in civil life.
- (v.) A disability is to be regarded as due to climate when it is caused by military service abroad in climates where there is a special liability to contract the dise

- 21. Has the disability been aggravated by
 - (a) Intemperance?
 - (b) Misconduct?
- 22. Is the disability permanent?
- 23. If not permanent, what is its probable minimum duration?
- To be stated in months.
- 24. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present?
- In defining the extent of his inability to earn a livelihood, estimate it at \$\frac{1}{4}\$, \$\frac{1}{2}\$, \$\frac{3}{4}\$, or total incapacity.
- 24A. Is the man suffering from a disability which would obviously, as far as you can judge, cause him to be rejected by an Approved Society under the National Health Insurance Act?
- 25. If an operation was advised and de clined, was the refusal unreasonable?
- 26. Do the Board recommend
 - (a) Discharge as permanently unfit, or
 - (b) Change to England?
